

Queensferry High School

Virtual Transition Model

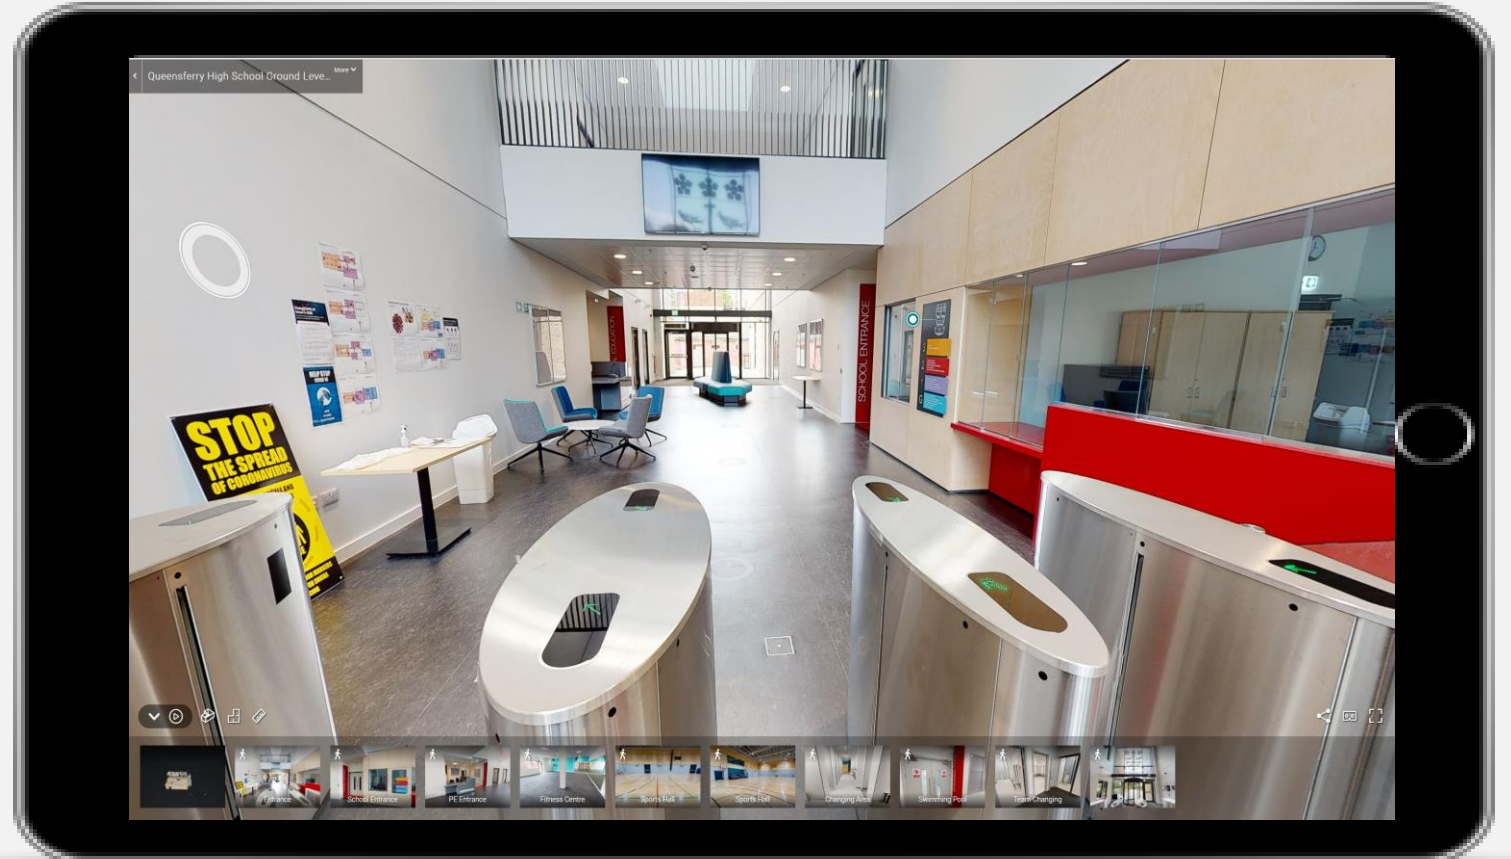

Introduction & Guide

July 2020

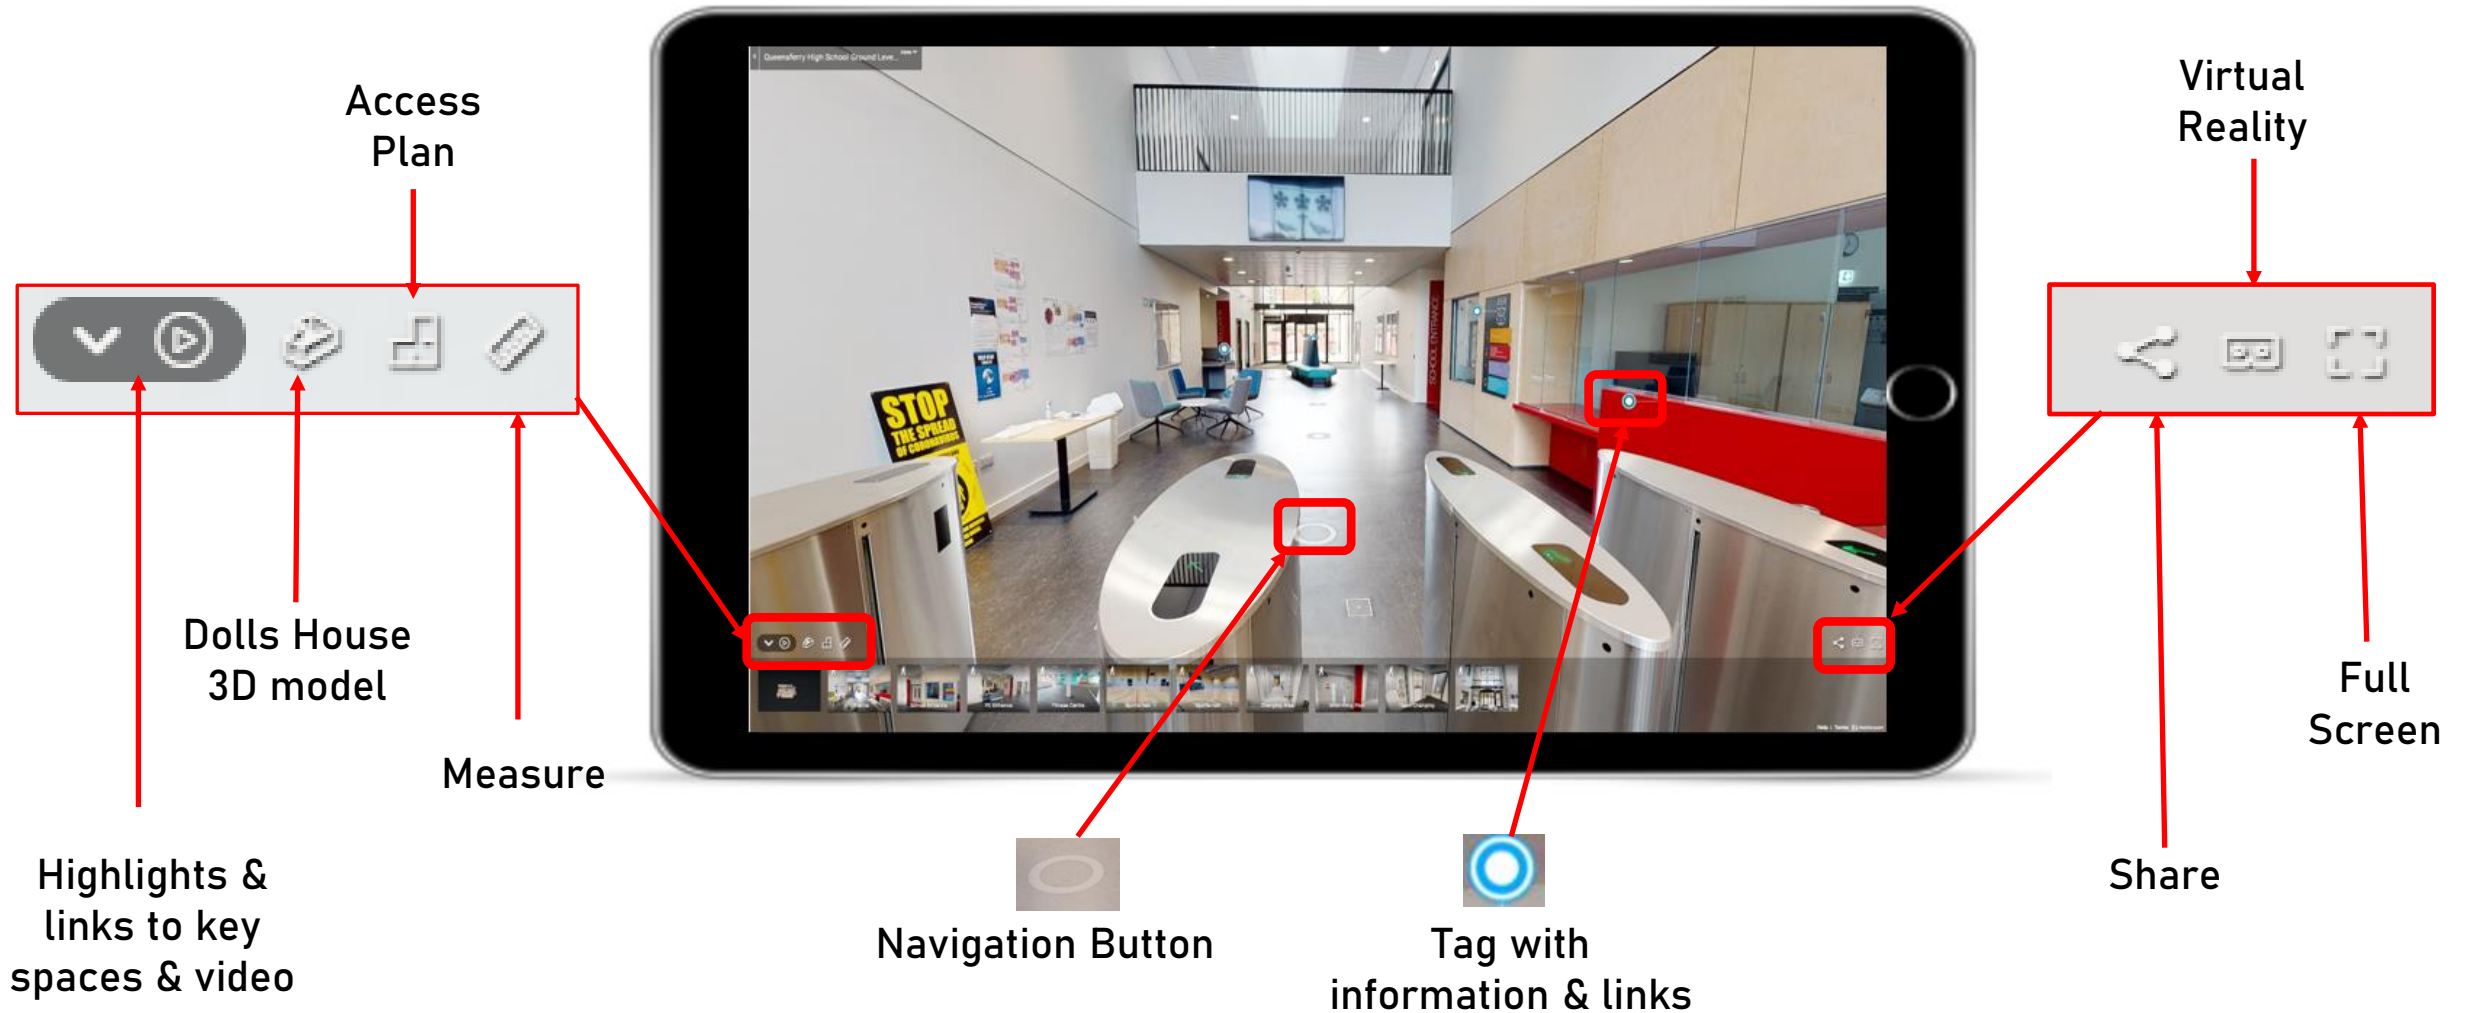

Virtual Transition Model

Welcome to the Queensferry High School virtual model. The model has been designed to support pupils and teachers familiarise themselves with the new building and access useful information to support their adjustment to a new school environment.

How to Use

You can access the models via the links included within this document. You will be presented with multiple ways to navigate the model via walkthroughs, plans or 3D model. To enable an introduction to the floor, you can navigate key spaces via the highlight video. Further functionality is listed below.
